

Week 3, Lesson 3 Resources: Validation & Test

The following resources were selected to provide an overview of the topic of Validation & Test. We would like to acknowledge the authors of the various web articles, videos, and papers for their insightful discussions and analytics which help formed the basis for some sections of the lessons and modules.

Title of resource: [Solidity Learning: Revert\(\), Assert\(\), and Require\(\) in Solidity, and the New REVERT Opcode in the EVM](#)

Resource type: website

Description: This website details the new functions included in the release of Solidity version 0.4.10.
